Subject: Stakeholder Advisory Committee Representation

Hi Keith,

Trust all is well.

Thanks so much for the call the other day and thank you for agreeing to represent CAFII as part of FSRA's new Life and Health Insurance Sector Stakeholder Advisory Committee (SAC).

We're still working through the SAC formalities; however, I was wondering if you had 15-30 mins. sometime this week for a quick conversation.

I would like to touch base with you in relation to the Life Sector Priorities – current and upcoming plans.

When you have a moment, please let me know of some available time slots that work for you this week.

Looking forward to our conversation.

Thanks & Regards,
Swati
