Regulatory Submissions and Related Communications/Advocacy Initiatives		<i>••••</i>						In 2023 a 590K provision was made for legal fees of which about \$18K was used. The forecast is for 528K because, to be cautious, we have left an additional amount of \$10K in case some legal issue came up. At this tage, we are likely only going to see 2023 legal expense of \$18K. There are no known legal issues for 2024 that would incur costs, but it is prudent to allocate some amount for legal resi in case an issue arises. It is proposed to allocate 200K as a reasonable contingency for 2024 given our experience over the past two years, and given that there are no known legal issues for us to prepare for at this time.
