This webinar will feature two expert panelists who will address the following in a virtual Fireside Chat with moderator Keith Martin:

- What is PBR and how does it differ from rules-based regulation?;
- Where do PBR and rules-based regulation fit on the spectrum of approaches: are they polar opposites?;
- Relationship and interplay between PBR and Fair Treatment of Customers (FTC);
- Pros and cons of PBR and the rationale for favouring its deployment? (for regulators and for regulated entities);
- Does PBR foster innovation at regulated entities?;
- PBR's historical evolution both outside and within Canada;
- PBR's application/implementation in Canada in financial services generally, and in insurance specifically;
- Recent Canadian provincial and nationally-co-ordinated initiatives deploying PBR in insurance;
- The emergence of Rule-making authority at provincial insurance regulators: a complementary, harmonious fit with commitments to PBR or not so much?
 - Is the result merely increasing dis-harmonization?;
- Impacts of the intersection between PBR and regulatory Rule-making authority upon Canada's insurance industry:
 - the role of ingrained attitudes within regulators and within regulated entities;
 - the role of business culture within regulated entities;
 - the roles of Boards of Directors and senior management;
 - the roles of legal, compliance, and internal audit functions (certainty versus ambiguity);
