[Report This Email](#) [Stay Safe Online](#)

Good afternoon everyone,

We thank you for your support for the Q1 2025 Creditor Insurance Penetration Benchmarking Report for CAFII. This e-mail is to let you know that you will receive a secured e-mail shortly through our SFTP server that includes the completed reports. We have been notified by multiple FIs that they are still working on transitioning to the new reporting method and retrospective reporting and as a result they are unable to provide complete data this quarter. We will continue work with them to provide data in future quarters.

As a reminder, for security reasons, we will require you to re-create and verify your account on the SFTP each quarter going forward in order to send and receive files.

Thank you again for your help throughout this process and please send us an e-mail if you are having trouble downloading the reports.

Regards,

Cecilia Cao, ASA, ACIA, MAAA (pronouns: she, her)
