Brendan,

CCIR Spring 2014 will be in Montreal on April 3-4.

While we appreciate CAFII's interest in meeting informally with CCIR members, we generally dissuade industry groups from putting together events around CCIR meetings. Your 15<sup>th</sup> anniversary event was an exception.

CAFII will, however, be invited to meet with CCIR members at our annual stakeholder meetings which we will be having on October 29<sup>th</sup> and 30<sup>th</sup> this year.
